

## **Question Guide for focus group interview**

**TITLE OF PROJECT**      Grandparents Matter

Number of People present:

Date Interviewed:

Interviewer:

What do you think about grandparent- grandchild contact when there are child safety concerns or after child protection interventions?

Do you think contact with grandchildren changes grandchildren changes when there are child protection concerns?

What might be some reasons for changes in contact between grandchildren and grandparents?

How would you describe contact and communications with child protection workers?

What do you need to happen so grandparents can keep contact with grandchildren?

What are your recommendations about how contact between grandparents and grandchildren contact could be better/optimised when grandchildren enter child protection, out of home care and kinship care?

What are your further recommendations?
